Coronavirus Update

Dear Family

Today, your child is bringing home a 'home learning pack'. This is to provide opportunities for children to continue their learning in the event of our school being asked to close in response to the Coronavirus situation.

The pack includes some suggested activities as well as a daily 'family challenge' that you may wish to have a go at together. In addition, there is a list of websites where activities and challenges are being provided free of charge as well as sites offering opportunities to take physical exercise and maintain well-being.

We would like to encourage you to continue reading regularly with your children and to maybe set aside some time daily to keep up with basic number and literacy skills if the school does have to close.

Please be reassured that we have not been informed of any plans for schools to close, but are sending home these packs today in preparation.

If you have chosen to self-isolate or your child is not well, please can you arrange for a friend or neighbour to come into school to collect your child's pack as soon as possible.

Yours sincerely,

Mrs Wallis
