

St Catherine's C of E Primary School Sports Premium Report 2016-2017

What is Sports Premium

The government are providing £150million per annum of funding to allow schools to make considerable new investments into the improvement of PE provision following the 2012 Olympic Games. This funding is being provided jointly by the Department of Education, Health and Culture, Media and Sport. It will see the money delivered directly to the Head teachers to consider and invest to improve the provision in their own schools and all the children in them. This funding is set aside and only available for use on sport and PE provision in school.

Sports provision is carefully planned at our school for every academic year. Since the funding has been available we have had a focus on lunchtime & after school extra-curricular sporting activities & we continue to invest in our 'every child a swimmer' strategy.

At St Catherine's School we value the contribution sport can make towards well-being and a healthy lifestyle for all our children. St Catherine's offers a wide range of sporting activities and clubs as well as participating in local leagues and competitions. Not only are St Catherine's part of these events we also hold Inter School sporting competitions as well.

2016/17 Sports Premium received

£9393.00

Costing and action-plan for our school 2016-17.

COST

Total Costs	£13,156.60
Sports Funding Grant Balance	- £ 3,763.60
Carry forward to 2017/18	£ 0.00

DESCRIPTION	
Specialist PE teacher/coaches/swimming teacher	By having sports specialists it helps meet the requirements set by government of up skilling school staff in the delivery of PE. This helps teach KS1 and KS2 teachers and children to have a high quality physical education and our staff are suitably enabled when they deliver lessons on their own.
Extra-curricular club coaches	On the occasion it is the case that the skill set or time restraints of our staff cannot meet the demands put upon them by the pupils' desire to compete locally or to in-role in new sports and activities we have used the Sports Premium funding to hire coaches to train our teams to a more specific and higher standard. This also enables us to have stronger club links.
A10 participation and entries	Due to an increase in interest of participation of events and competitions a set amount of funding has been put aside for entry and participation fees for competitive and non competitive events.
Equipment and Resources	As part of our commitment to providing high quality Physical Education we ensure that both our teachers and PE specialists have access to both relevant and superior equipment. Consultation between both teachers and PE specialists to ensure the best resources are used for students and used carefully with the sports premium funding.
Lunchtime clubs	Daily and weekly lunchtime clubs run by teachers and Midday supervisors. From football, netball and rugby, to Fitter Future Fitness programme. As well as a wide range of activities available with equipment and resources for KS1 and KS2 to improve their skills and knowledge of sport.
HLTA extra hours and TA cover for leader absence	As part of our commitment to offering our children the widest range of possible activities during the academic year we have occasionally

	deemed it necessary to involve extra adults at events to ensure full participation and development of skills. Due to this we have set aside a portion of funding to allow adult support in the form of HLTAs to be used as and when deemed necessary.
Transport to and from venue contributions	As part of our expanding competitive calendar our teams occasionally require transportation to and from venues. If needed this will enable us to introduce activities and opportunities to a wider range of students.
Sporting initiatives and workshops	St Catherine's has recently become part of a fitness programme called Fitter future. We chose to be part of this programme as it offers and encourages every student and teacher in the school to be apart of a fitness regime within school hours as part of a class and also at lunchtime as an individual challenge. This can also be accessed at home by teachers and students with internet access and can involve all those within the household too to encourage extra exercise. Also to send Sports Ambassadors to conferences and meetings relevant to the school.
CPD for teachers	Funding is used to give extra training to teachers TAs and NQTs by PE and sport specialists, from curriculum lessons to sessions such a Hoola Hooping.

IMPACT AND HOW IT WILL BE SUSTAINED

Specialist PE teacher/coaches/swimming teacher	Teachers becoming more confident and competent in all areas of PE. Enhanced quality of teaching and learning. Improved standards. Continued high level of pupil participation. Enhanced inclusive curriculum provision. Positive attitudes to health and wellbeing. All pupils experience high quality, engaging PE session each week.
Extra-curricular club coaches	Increased amount of extra curricular activities, clubs, teams and events being entered. Higher number of students becoming involved in exercise, teams and competitions.
A10 participation and entries	Continue to train and enter teams into all events possible. Membership of local bodies. Support for all aspects on PE and school support. Support with keeping abreast of national initiatives etc introduced into school as appropriate.
Resources and equipment	Perform termly audits to ensure all equipment and resources are up to high standards, Improved resources and provision has led to improved lessons and pupil outcomes.
Lunchtime clubs	To ensure all teachers and Midday supervisors are trained in activities and updated on any changes or requirements. Ensure that sports leaders play an active part in Lunchtime clubs so they become more confident. More purposeful lunchtime, increased skills in football and improvement in attitude / behaviours. Opportunities to try new activities to gain a greater skills base.
HLTA extra hours TA cover for leader absence	To sustain the amount of support needed as and when for events. Enable teachers to lead sporting events.
Transport to and from venue contributions	To look into transport for future events if needed to be able to enter as many as possible. Widening our areas of competition.

Sporting initiatives and workshops	To continue to encourage as many students, teachers and others to exercise more and improve knowledge and skill levels. Build confidence in leaders and participants. Children are more aware of what a healthy lifestyle is and how to keep healthy.
CPD for teachers	To continue to give teachers and NQTs training to improve knowledge and confidence in all aspects of PE. To enable them to deliver the curriculum effectively and efficiently.
